Linking Omnipod 5 to Glooko

Step 1: If your Omnipod 5 device was not linked to Glooko when you first registered your device, it must be done in <u>Podder Central</u> before your Healthcare Professional can be connected to Glooko. Complete the below in your browser (Safari, Chrome, Firefox, Explorer - not the app) to select the "Diabetes Data" tab in your Podder Central account to link your pump data.

Link your Omnipod® 5 Automated Insulin Delivery System data with Glooko.

Follow these four simple steps:

1. Log into your Omnipod® account at **PodderCentral.com**
2. Select **"Diabetes Data"** and then select **"Link"**
3. Select **"Create or Link Account"** in Glooko®
4. Proceed to Glooko® and complete the process to link your accounts

When complete, your status will update to **"Linked"** and data will automatically upload into your personal Glooko® account.*
